

A CutList guide to Egger surface codes

Surface Code		Description	Photo Detail
PG	PerfectSense Gloss	PerfectSense Gloss is characterised by its exceptionally smooth and deep reflective finish.	
PM	PerfectSense Matt	The warm and silky feel is combined with high resistance and Anti-Fingerprint properties to provide a high quality, matt finish.	
SM	SemiMatt	A smooth, paint-like and untextured surface finish.	
ST9	Smoothtouch Pearl	A mini-pearl texture, with a medium gloss level. This surface is robust, very durable and is best used with uni and pearlescent colours	
ST9	Smoothtouch Matt	Used with uni colours and woodgrains offering a very soft and natural feel. This texture supports the trend for matt surfaces.	
ST10	Deepskin Rough	A highly authentic and realistic texture for solid wood and material reproductions.	
ST12	Omnipore Matt	This is an all-over pore with irregular distribution of linear pores, and pores of various depths, which gives the surface its natural look. A light sub-structure provides this surface with a velvety, pleasant touch.	
ST15	Smoothtouch Velvet	A smooth, flat surface finish with low gloss levels and low maintenance. Works well with a wide variety of woodgrains and material reproductions.	

ST22

Deepskin Linear

A deep brushed finish with a matt-gloss linear grain. This offers a realistic surface for linear woodgrain colours, giving them more naturalness and depth.

ST27

Feelwood Elegance

The fine and linear, yet natural, texture is synchronised with the grain of the Tortona decor to create an incredibly realistic finish.

ST28

Feelwood Nature

This texture is characterised by its authentic feel. Knots and planking create a natural feel reminiscent of solid wood.

ST29

Feelwood Ambiance

The texture has a striking, yet elegant appearance. It is ideal for large applications to create a tasteful, sophisticated feel. It traces the grain with soft recesses, creating a tactile effect.

ST30

Gloss

A smooth gloss finish, suited to uni colours and premium woodgrains. For laminate, we offer a similar texture – HG – that has a slightly different gloss level.

ST36

Feelwood Brushed

This surface exhibits a deeply brushed but very natural, matt character that gives many different types of wood an extremely authentic feel.

ST37

Feelwood Rift

This texture has an authentic solid wood finish, which is emphasised with its synchronised surface on the decor series Halifax Oak, giving the cracks and knots a tactile feel.

ST38

Feelwood Pinegrain

The texture displays a deeply brushed softwood appearance with a high value pearl effect thanks to the matt and gloss elements. The surface creates the look of painted or lacquered solid wood when applied to uni colours.

ST87

Mineral Ceramic

This texture exhibits pronounced mattgloss effects, simulating the surface and feel of a ceramic sheet.
